

COMMUNITY PROGRAMS

Kennedy House proudly hosts after school programming throughout Scarborough open to all children aged 4+. These programs combine educational learning, homework help along with life skills training through healthy body and mind activities. Nutritious, healthy snacks are provided. High school volunteers are on hand to provide tutoring and mentoring assistance with homework. To register your child or if you're a high school student looking to gain valuable experience whilst collecting volunteer hours, please contact Zohrain Mandan, Community Programs Facilitator at 416 299 3157 or email outreach@kennedyhouse.org
